For the patient - what to do now

Please read the notes below then fill in your details and, if you are claiming social security benefits, sign and date the declaration. If you cannot fill in your details yourself, ask someone else to do it for you.

What your doctor's advice means

Not fit for work:

Your doctor will advise this when they believe that your health condition means you should refrain from work for the stated period of time.

May be fit for work taking account of the following advice:

Your doctor will recommend this when they believe that you may be able to return to work with some support from your employer. Sometimes it may not be possible for your employer to act on the doctor's advice and you will not be able to return to work until you have further recovered. You do not need to get a further Statement from your doctor to confirm this.

If you are employed

If you are not fit for work, or your employer cannot support your return to work, your employer should consider paying Statutory Sick Pay (SSP) based on the information provided. If SSP cannot be paid, or your SSP is ending, your employer will give you form SSP1 to claim social security benefits. If you are self-employed, you may be able to claim social security benefits because of your health condition.

Social security benefit claimants

If you are claiming social security benefits because of your health condition, send this form to your Jobcentre Plus office. If you are claiming social security benefits for any other reason, you should contact a Personal Adviser to discuss the advice on the form. If you do any work you must inform Jobcentre Plus of your change of circumstances.

If you want to make a new claim to social security benefits you can:
